

Customer Journey Map

Date: 29 September 2026

Team ID: SWTID-2026-5955

Project Name: PocketSmart AI - Your
Smart Budget & Recommendation Assistant

Maximum Marks:
2 Marks

Description: Map out the customer's experience stage-by-stage to understand interactions, thoughts, feelings, and opportunities for improving PocketSmart AI. This journey highlights the user's path from discovering the platform to providing feedback after purchase.

Customer Journey Map — Phase Breakdown

Phase of Journey	Stage 1 (Discovery & Input)	Stage 2 (AI Recommendation)	Stage 3 (Purchase & Feedback)
Actions	- Enters budget & category - Uploads outfit/room image - Searches for ideas	- Receives AI recommendation - Compares products - Selects items	- Purchases / Saves list - Shares setup - Gives feedback
Touchpoint	- Homepage - Budget input form - Image upload	- Recommendation results page - Gemini AI engine - Product cards from E-commerce APIs	- Checkout/Save button - History page - Feedback form
Customer Thought	- Will this fit my budget? - Is it trustworthy?	- Are these recommendations good quality? - Will it match my style?	- Did I save money? - Will this be useful later?
Customer Feeling	😊 Curious, Hopeful	✨ Excited, Confident	👍 Satisfied, Proud
Process Ownership	Marketing & UI Team	AI & Backend Team (Gemini API Integration)	Operations & Support Team
Opportunities	- Add voice input - Budget slider - Sample images	- Add price comparison - Real-time availability - Style filter	- Instant PDF export - Discount coupons - Referral rewards
